

Real Country KBSN prides itself on NOT playing the same 10 new country songs over and over. Real Country's approach combines older Country hits with newer songs by traditional-sounding Country artists. On-air personalities embrace Country's roots

to give Real Country KBSN a much larger playlist which in-turn has our listeners listening longer every day. Couple with local high school, WSU and Seahawk game broadcasts, KBSN is STILL Moses Lakes' local choice for over 75 years! **Artists Like:**
